EXPERIENCE.

Tunn-Good-bys, old home; or Elia Rhen, re-peating last four lines of verse for chorus.

- Once I was far away in sin
 And did not lore the Lord,
 The pleasures of the world I sought
 And trampled on His blood;
 I wandered on from day to day,
 And would not heed that voice
 So sweely calling, "Come away
 And make the precious cheice,"

Oh, praise the Lord! oh, praise the Lord! Hecanes I um fros to-day; Hotok me in and set me free, Thank God, I'm saved to-day!

- The day and hour did come at last When I was tired of sin. My weary heart it sighed for rest, For all was sad within; I came to Jeans as I was, With all my sin and pride, I oried, "O Lirch, furzive the past, And with me saw abide!"

- praise the Lord, He took me in, and pardened all my past, blood has cleaned my soul from ain and gave me perfect reat; now I love to do His will, or He is my treest Friend.
- is is my truest Friend, I serve Him falthfully keen me in the end.

"TEMPUS FUCIT." Tunz-And dare to leave it there.

- hiy time is flying fast,

 My life will soon be o'er,
 My evrey chance will then be past,
 And God will call no more.
 And God will call no more.
 My alies how shall I face
 When at the Bar I stand?
 My long neglect of love and grace,
 My alight of His command?

- Then oh, my Lord, prepare My soul for that great day; Oh, wash me in Thy precious blood, And take my sine sway.
- How shall I face the blood
- How shall I dars to meet Those whom I've led in sin ! How chall I then their curses g Or the remores within ! Ob, how shall I endure

It would be a very interesting study to read an account of International Headquarters as it is and so it was at the time young Macken sie came. We had just removed from the old Whitechapel Headquarters to 101 Queen Vic-toria Street. At that time the Field Socretary was Major Carleton, whe afterwards developed into Commissiones and took charge of the trade operations. Colonel Boon had arrived a few operations. Colonal Boon had arrived a few monthe before, and at the time in question ha had just taken over the work of the Field Sec-celary. Colonal Boon was then Rela-Capital. DRAM COMMADIES AND PRIMERS

My first wors in the New Year etail be a word of thankfulness: my first song a rong of prints; and my first prayer a request that God shall enable us to make the most of the encouragement which your united action has brought. Berneving the whole circumstances, I ink you will agree with me in saying at the result of our Self-Denial effort is

An Eminent Success.

The circumstance under which a regiment goes into action must necessarily qualify their accomplishment. The value of a cartiacted in an open field where they have of cartiacted in an open field where they have thing, but the reality in the state of the cartiacted in the cartiacted men rote, not to face so much a for, as in the very teeth of death.

Now, what is true with material war-

fare has been equally true in our case. We found ourselves going into action in a moment when every lie that could be told was launched against us; when men whom we had trusted, turned the veries whom we had trusted, turned the veries traitors to the cause; on the one hand selling us to the multipudes for eracifixion, and on the other-like the Pharisses of old—undervering to cover their contemptible meanness by a pharienical application of the law and the Gospel.

I Say This not Bitterly.

I flay This not Sitterly.

Nohing would please me more than to see alone, who have everything to thank for the Salvaton Array, knossing once more at our pentient-form, and admitting the control of the salvaton and admitting the special section of the salvaton and admitting the special section of the humility and love, but I sended that the special section of two humility and love, but I sended the special section is not present the salvaton that the salvaton is sufficient to be possible for me to my Massire for it to be possible for me to my Massire for it to be possible for me to my Massire for it to be possible for me to my Massire for it to be possible for me to my Massire for it to be possible for me to my Massire for it to be possible for me to my Massire for its proposition of the my Massire for the my Massire fo
